Discussion

The OPM and Designer conducted a feasibility analysis of the facility and developed a schematic design including a proposed scope of work, schedule, and estimated budget. The District's Designer, CGKV Architects, Inc., recommends a partial roof replacement at the Nashoba Valley Technical High School. The Designer has confirmed that the roof will be in compliance with the MSBA's sustainability requirements.

MSBA staff reviewed the consultants' existing conditions analysis and proposed schedule provided by the District and have discussed the scope and budget with the District and its

consultants. The District has provided a Total Project Budget of \$2,471,618 which includes a construction cost of \$2,082,025. Construction costs include:

- \$20.68/sf for the PVC roof
- \$668,998 for associated work
