Introduction

This User Guide is intended to assist cities, towns, and regional school districts with filing a Statement of Interest (“SOI”) with the Massachusetts School Building Authority (“MSBA”). The SOI is the first step for districts in expressing interest in the MSBA’s grant program for school construction, renovation, and repair projects. All districts are welcome to submit an SOI which identifies the perceived deficiencies in their school facilities. All SOIs must be transmitted to the MSBA with electronic signatures using the online Statement of Interest System, and then the required vote documentation and any supporting documentation must be submitted in hard copy format.

An SOI must be submitted to the MSBA in order to participate in the MSBA’s application process pursuant to M.G.L. c. 70B, the MSBA’s regulations (963 CMR 2.00 et seq.), and the MSBA’s policies. Any city, town, or regional school district that has not submitted an SOI to the MSBA for a particular year will not be eligible to participate in the application process for the MSBA’s grant program for that year.

The process of completing an SOI should not be arduous. However, since it might take some time for districts to compile the required material, obtain the requisite signatures, and take the required local votes, the MSBA suggests that sufficient time be allocated for the proper and thorough completion of the SOI.

The MSBA expects that an SOI can be completed at no cost to the city, town, or regional school district. The MSBA is interested in hearing from local districts themselves about potential problems that may exist in a local school facility. Districts should not seek professional assistance to complete an SOI. The MSBA will NOT reimburse for any expenses that may be incurred in connection with the completion of an SOI.

Districts do not need to mail a hard copy of the SOI. The district superintendent will obtain electronic signatures from the required signatories through the MSBA’s online SOI System and will transmit the SOI electronically.

In addition to the electronic transmission, the district **must mail hardcopies** of the following documents to the MSBA:

- the certified vote of the applicable governing body (e.g., City Council, Board of Aldermen, Board of Selectmen); *
- a copy of the minutes of the School Committee meeting (which must include the text of the vote) at which the Committee voted to authorize the submission of the Statement of Interest, with an original signature of the Chair of the School Committee;
- other information and supporting documentation as indicated in the SOI or at the direction of the MSBA, including the third-party reports that are required for districts that select SOI priorities 1 and 3 in the SOI.

**not applicable for Regional School Districts*

The necessary hardcopy documentation should be sent to the MSBA offices at 40 Broad Street, Fifth Floor, Boston, MA 02109.

Disclaimer

Information gathered through the SOI System is not an application for funding. Submission of this information in no way commits the MSBA to accept an application, approve an application, provide a grant or any other type of funding, or places any other obligation or requirement upon the MSBA.

Only authorized users should have access to this system. All users must ensure the security of their user ID and password and should not share their user ID and/or password with others. All data entered using an MSBA-authorized user ID will be the responsibility of the user to whom the user ID was originally assigned. Unauthorized access to the MSBA SOI System may result in processing delays or other issues.

The MSBA reserves the right to modify this Statement of Interest User Guide and the Statement of Interest System, in part or in its entirety, and to request and obtain additional, follow-up information from the city, town, or regional school district.

Statement of Interest Overview

A district should submit a separate SOI for each school facility project for which the district seeks MSBA approval. However, an SOI for a school facility project should not be submitted unless the district has the ability to fund that project within the following two years.

The MSBA will review each SOI using the state and local project priority criteria established by M.G.L. c. 70B including, but not limited to, the criteria listed in M.G.L. c. 70B, §§, 6, 8, and 9(a). To assist in this process, an SOI for a proposed facility project must identify and provide a brief description of each deficiency of the facility using the following list. A district may select as many categories that apply to that particular school facility:

1. Replacement or renovation of a building which is structurally unsound or otherwise in a condition seriously jeopardizing the health and safety of school children, where no alternative exists. *If a district selects this priority, the MSBA must receive a hard copy of the engineering or other professional report detailing the nature and severity of the problem and a written professional opinion of how imminent the system failure is likely to manifest itself. The report must be from an independent source that is not under the control of the school district or the city/town. In addition to the independent report, the district must submit photographs of the conditions which caused the district to select Priority #1;*
2. Elimination of existing severe overcrowding;
3. Prevention of the loss of accreditation;
4. Prevention of severe overcrowding expected to result from increased enrollments, which must be substantiated;
5. Replacement, renovation or modernization of school facility systems, such as roofs, windows, boilers, heating and ventilation systems, to increase energy conservation and decrease energy related costs in a school facility;
6. Short term enrollment growth;

7. Replacement of or addition to obsolete buildings in order to provide a full range of programs consistent with state and approved local requirements; and
8. Transition from court-ordered and approved racial balance school districts to walk-to, so-called, or other school districts.

Finalizing your Submission

In addition to the electronic submission, the district **must mail hard copies** of the following documents to the MSBA in order for an SOI to be considered complete:

- the certified vote of the applicable governing body (e.g., City Council, Board of Aldermen, Board of Selectmen) *;
- a copy of the minutes from the School Committee meeting (which must include the text of the vote) during which time the Committee voted to authorize the submission of the SOI, signed by the Chair of the School Committee;
- for districts that have selected Priority #1 (replacement or renovation of a building which is structurally unsound or otherwise in a condition seriously jeopardizing the health and safety of the school children, where no alternative exists), the district will need to provide a hard copy of the engineering or other professional report detailing the nature and severity of the problem, a written professional opinion of how imminent the system failure is likely to manifest itself, and photographs of the conditions that caused the district to select Priority #1; and,
- for districts that have selected Priority #3 (prevention of a loss of accreditation), the district will need to mail a summary of the accreditation report focused on the deficiency as stated in the SOI.

*not applicable for Regional School Districts

Please note that the required votes must be in the Form of Vote set forth under the “Vote” tab in the Statement of Interest System, with specific reference to the school and priorities for which the SOI is being authorized. Please do NOT submit applications, design documents, plans, schematics, or drawings with the SOI.

Getting Help

Please direct any questions that you might have about the Statement of Interest process or system to the MSBA by calling 617.720.4466 or via email at SOI@MassSchoolBuildings.org.

Images in this User Guide

The images in this User Guide were created by visiting the MSBA website using the Internet Explorer web browser. There may be some slight visual differences for users of Google Chrome, Firefox, or other browsers.

Getting Started

District users should follow the procedures in this section to gain access to the SOI Application.

Accessing the System

The MSBA District User Management Application streamlines the district user access process and allows the Superintendent to provide access to and manage their access as well as access for other district users for the SOI Application. It is also where the Superintendent can create users, review and submit access requests entered directly by District Users for the SOI Application.

Superintendents should request access to the MSBA District User Management System by completing the online District Access request process which can be accessed by the link provided on the MSBA's website.

District Users can request access to the SOI Application directly by completing the online request, which can also be accessed by a link provided on the MSBA'S website.

Please note: all access requests submitted directly by the District User require electronic review and submission from the Superintendent. The request will be pending until electronic review and submission from the Superintendent has been provided.

Once the MSBA approves the access form to the application, an email with the username and password details will be sent. Questions? Please email SOI@massschoolbuildings.org or call 617.720.4466

System access will be granted upon the MSBA's receipt and review of your request. The login information, username and temporary password, will be sent in an email also containing a link to access the **MSBA Applications**. Enter those credentials as shown below:

The image shows a login form titled "MSBA System Login". It contains two input fields: "Username:" and "Password:". Below the "Password:" field is a checkbox labeled "Remember Me" and a "Login" button. At the bottom of the form are two links: "Forgot your username?" and "Forgot your password?". A blue arrow on the left points to the "Username:" field with the text "Enter your username". A blue arrow on the right points to the "Password:" field with the text "Enter your temporary or existing password".

Only authorized users with a valid username and password issued by the Massachusetts School Building Authority may access and use this system. Passwords must be changed every 90 days. User accounts not utilized for 180 days will be deactivated. The user will need proper approval to regain access.

MSBA Systems will be unavailable between 12:00 noon and 1:00 PM on Thursdays for scheduled maintenance. Please plan accordingly.

After logging in the first time with a temporary password, you will be prompted to create a password to be used going forward.

District User Management (Superintendents) and District User Access Request

Once the Superintendent logs in with their Username and password, the default page will appear. Superintendents then can create new users and submit user access requests to the MSBA for approval. There are four tabs available in this application.

Sample screenshot shown below.

District User Management

Hello Superintendent,

Welcome to the Massachusetts School Building Authority's (MSBA) online District User Management. Here you can manage users who have access to MSBA's SOI Application.

If you have any questions, please contact the MSBA at 617.720.4466 (or) email SOI@MassSchoolBuildings.org

1 Create Users **2** Review User Requests **3** Submitted to MSBA **4** Approved by MSBA

Create Users

Here you can create yourself (or) others as SOI users for the district. All the requests will be submitted to the MSBA. Once MSBA approves the request and an email with the username and password details will be sent to the user's email provided.

[Create yourself as an SOI User](#) - Click on this link to create yourself as an SOI user.

[Create new SOI User](#) - Click on this link to create others as a new SOI District User.

This link is only displayed if you did not request user access at the same time you requested access to the District User Management system in step 3 above.

1 - Create Users - Here you can create yourself (or) others as SOI users for the district.
2 - Review User Requests - Here you can see who requested access to SOI application. Sign and submit the form to MSBA
3 - Submitted to MSBA - Here you can see all the requests submitted to MSBA. The request can be downloaded as a PDF for each user.
4 - Approved by MSBA - Here you can see all the users who are approved by MSBA and who have access to SOI Application for your district.

Create Users - The Superintendent can create a new user by clicking on the “Create New User” link and completing the information requested on the form.

There are two options:

- Create yourself as an SOI User
- Create a new SOI User

Create yourself as an SOI User

Allows the Superintendent the ability to request access to the SOI Application. After completing the request, it will electronically be sent to MSBA for approval. This option will no longer appear once access is provided.

Note: The Create Users link is only displayed if you did not request access to the SOI at the same time you requested District User Management in “Step 3” above.

Request Access to the Statement of Interest Application

Your request to access the Statement of Interest Application for the District(s) of Barnstable has been successfully submitted to the Superintendent. This request will be pending approval from Superintendent until they have access to MSBA's District User Management.

Next Steps

Superintendent reviews and signs the request and submits to MSBA.

MSBA approves the request and an email with the username and password details will be provided.

At any point, please contact the Superintendent for the status of the request.

Please click on the district name(s) below to download the submitted request for your record. There is no need to fax or email these forms to the Superintendent or MSBA.

Once the Superintendent and MSBA approves the District user's access to the application, an email with the username and password details will be sent.

Questions? Please email SOI@massschoolbuildings.org

1. **Review User Requests** – Superintendents can create a District user or District Users can create a request for access. If the user creates and submits the request, it will be seen below by the Superintendent to review and submit to the MSBA for approval.

New Statement of Interest or Pre-Populating

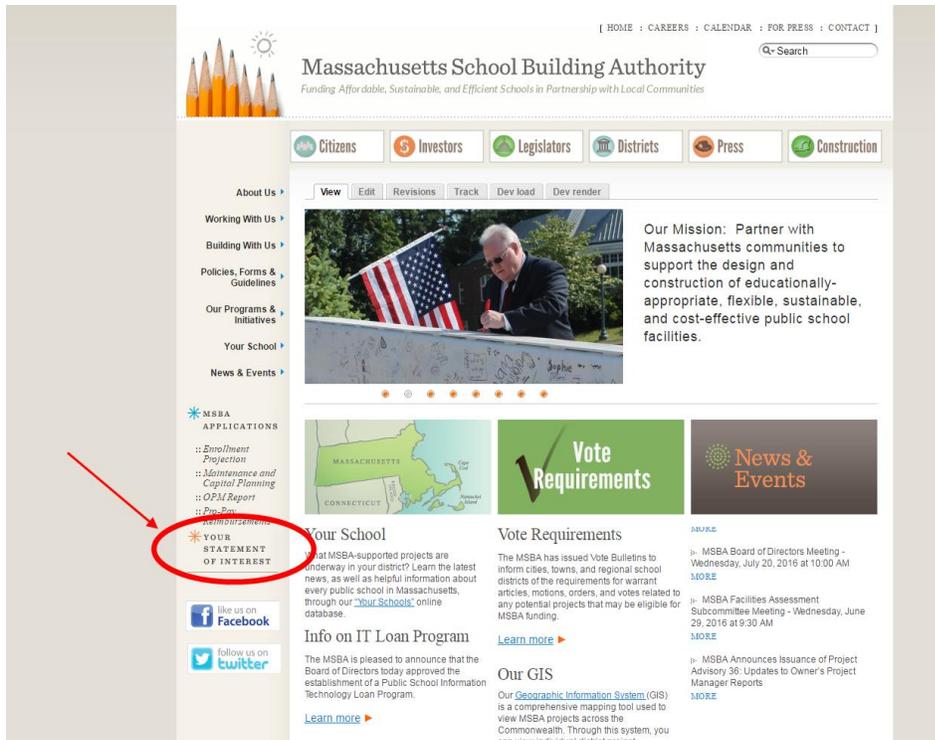

There are two options (*see the table below*) for the district to consider when beginning the SOI process.

<p>1. Does the district wish to start a new SOI from scratch?</p>	<p>Most districts will be submitting a new SOI. Follow the instructions in the "Creating a New Statement of Interest" section of this guide.</p>
<p>2. Does the district wish to submit a 2019 SOI for the same school for which it submitted a 2018 SOI?</p>	<p>You may want to pre-populate an SOI previously submitted in 2018. This process will copy the 2018 SOI so that the district can edit the fields that need to be changed and updated.</p> <p>For this option, please see the Pre-Populating Data</p> <p>Pre-Populating Closed School and New Statement of Interest(s) with Previously Submitted Data section at the end of this guide.</p>

System Entry

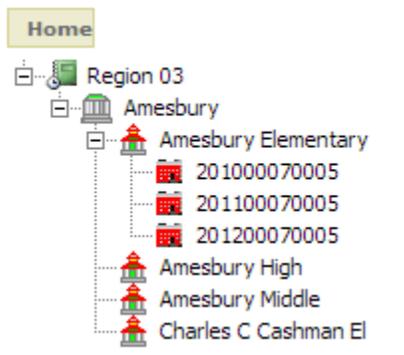

When you have chosen the SOI System you will arrive on the System’s Introduction page.

Navigating the System Hierarchy

On the left-hand side of the screen is a navigation hierarchy, which opens to your specific district. You may move between schools in the district and Statements of Interest.

Region → District → School → SOI (represented by an MSBA ID number below)

Please note that this sample image does not reflect the actual district of Amesbury.

Region: The first level in the navigation hierarchy is the “Region” level. The MSBA has assigned every district to a region based on geographic location. This is the highest level or “Home” level. The SOI System will bring the district user right to its region.

District: The second level in the navigation hierarchy is the “District” level. This level contains two tabs: Closed Schools information and SOI Summary information (*all pictured below*).

The screenshot shows the MSBA Statement of Interest System interface. On the left is a navigation tree with 'Home' at the top, followed by 'Region 03', 'Amesbury', and a list of schools: Amesbury Elementary (with four sub-items: 201000070005, 201100070005, 201200070005, 201500070005), Amesbury High, Amesbury Innovation High School, Amesbury Middle, and Charles C Cashman El. The main content area has two tabs: 'Closed Schools' (selected) and 'SOI Summary'. Below the tabs are three sub-tabs: '1 - Closed Schools Information' (selected), '2 - Signatures', and '3 - Submit'. The 'Closed Schools' section is titled 'Step 1 - Fill out Closed School Information'. It includes an 'SOI Year:' dropdown menu set to '2019'. Below this is a paragraph: 'Based on your answers to the questions below that were completed at your school-level SOI, you are required to add a record for each school that has been closed, or will be closed, under the appropriate question and answer all applicable sub-questions on each school.' There are two questions: 'Question 1: Has the district sold, closed, or otherwise removed from service a school in the last 10 years?' with radio buttons for 'Yes' and 'No', and 'Question 2: Does the district have any plans to sell, close, or otherwise remove from service a school in the next 10 years?' with radio buttons for 'Yes' and 'No'. Each question has a text input field containing 'No School record added yet.' and a button labeled 'Add Record for Closed School (Question 1)' or 'Add Record for Anticipated School Closure (Question 2)'. At the bottom is a 'Preview Draft PDF' button.

The “Closed Schools” tab must be completed before the district submits an SOI. There is additional information regarding this tab in the [“Other Required Information”](#) section of this User Guide.

The “SOI Summary” tab contains a summary of the district’s SOI history, including the School Name, Year, and SOI Status for each of the district’s previously submitted SOIs.

School: The next level in the navigation hierarchy is the “School” level (*pictured below*). This level contains the “New SOI” tab where the district begins the process of submitting an SOI.

To view the list of all schools in a district, select the “+” located to the left of the district name. To collapse the list, select the “-” to the left of the district name.

New SOI

SOI Certification

To be eligible to submit a Statement of Interest (SOI), a district must certify the following:

<input type="checkbox"/>	The district hereby acknowledges and agrees that this SOI is NOT an application for funding and that submission of this SOI in no way commits the MSBA to accept an application, approve an application, provide a grant or any other type of funding, or places any other obligation on the MSBA.
<input type="checkbox"/>	The district hereby acknowledges that no district shall have any entitlement to funds from the MSBA, pursuant to M.G.L. c. 70B or the provisions of 963 CMR 2.00.
<input type="checkbox"/>	The district hereby acknowledges that the provisions of 963 CMR 2.00 shall apply to the district and all projects for which the district is seeking and/or receiving funds for any portion of a municipally-owned or regionally-owned school facility from the MSBA pursuant to M.G.L. c. 70B.
<input type="checkbox"/>	The district hereby acknowledges that this SOI is for one existing municipally-owned or regionally-owned public school facility in the district that is currently used or will be used to educate public PreK-12 students and that the facility for which the SOI is being submitted does not serve a solely early childhood or Pre-K student population.
<input type="checkbox"/>	After the district completes and submits this SOI electronically, the district must mail hard copies of the required documentation described under the "Vote" tab, on or before the deadline.
<input type="checkbox"/>	The district will schedule and hold a meeting at which the School Committee will vote, using the specific language contained in the "Vote" tab, to authorize the submission of this SOI. This is required for cities, towns, and regional school districts.
<input type="checkbox"/>	Prior to the submission of the SOI, the district will schedule and hold a meeting at which the City Council/Board of Aldermen or Board of Selectmen/equivalent governing body will vote, using the specific language contained in the "Vote" tab, to authorize the submission of this SOI. This is not required for regional school districts.
<input type="checkbox"/>	On or before the SOI deadline, the district will submit the minutes of the meeting at which the School Committee votes to authorize the Superintendent to submit this SOI. The District will use the MSBA's vote template and the vote will specifically reference the school and the priorities for which the SOI is being submitted. The minutes will be signed by the School Committee Chair. This is required for cities, towns, and regional school districts.
<input type="checkbox"/>	The district has arranged with the City/Town Clerk to certify the vote of the City Council/Board of Aldermen or Board of Selectmen/equivalent governing body to authorize the Superintendent to submit this SOI. The district will use the MSBA's vote template and submit the full text of this vote, which will specifically reference the school and the priorities for which the SOI is being submitted, to the MSBA on or before the SOI deadline. This is not required for regional school districts.
<input type="checkbox"/>	The district hereby acknowledges that this SOI submission will not be complete until the MSBA has received all of the required vote documentation in a format acceptable to the MSBA. If Priority 1 is selected, your SOI will not be considered complete unless and until you provide the required engineering (or other) report, a professional opinion regarding the problem, and photographs of the problematic area or system. If Priority 3 is selected, your SOI will not be considered complete unless and until you provide a summary of the accreditation report focused on the deficiency as stated in this SOI.

Statement of Interest (represented by an MSBA ID number): The final level in the navigation hierarchy is populated with the submission of an SOI.

To view a list of any previously submitted SOIs related to a school, select the "+" located to the left of the school name. To collapse the list, select the "-" to the left of the school name.

To view details from a previously submitted SOI, click on the SOI year in the navigation hierarchy.

Creating a New Statement of Interest

Only one SOI may be submitted to the MSBA for each school in a given year and each SOI must describe the perceived deficiencies of only one specific school.

For example, if a school needs repairs to its roof, windows, and boiler, only one SOI should be submitted for that school describing the needs in all three areas. Also, SOIs may only be submitted for existing schools.

The Statement of Interest submission is final. Once submitted, further edits are not permitted. Errors and omissions in a submitted SOI should be reported to the MSBA (SOI@MassSchoolBuildings.org)

Beginning a New Statement of Interest

If you want to begin a new SOI, click on the school for which you would like to submit an SOI. Find the “New SOI” tab at the top of the page and click there. This will start a new SOI, or, if you have already begun an SOI for this year but have not submitted it yet, this will take you to the new SOI you are currently working on for that school, provided you have saved the draft SOI.

When you first click the “New SOI” tab you will see the “SOI Certification” page.

If Priority 3 is selected, your SOI will not be considered complete unless and until you provide a summary of the accreditation report focused on the deficiency as stated in this SOI.

The purpose of the SOI Certification page is to ensure that district users fully understand the SOI process and are able to meet its requirements. To proceed from this page and continue with submission of an SOI, all boxes must be checked. By checking all boxes, you are certifying that all the outlined conditions have been completed or will be completed within the required timeframe, and that you understand the information contained within each box.

Once you have checked all the boxes and clicked on the "Save SOI Certification" button at the bottom of the page, the rest of the SOI will open for editing.

Entering and Saving Data

You will be asked to enter data on every page of the SOI, and you will have to complete every field on a page to save your data.

Make sure you click on the "Save" button at the bottom of every page to save your changes. If you navigate away from the page before saving, your data will not be preserved, and you will have to re-enter your answers to every question.

Statement of Interest Home Tab

The SOI Home page is a landing page for new and existing SOI applications. The SOI Home Page is view only and it summarizes the different steps needed to complete the SOI and gives the user a status of where they are in the process of filling out their SOI application.

Values for the different statuses are:

- Not Started Yet – did not start saving data
- In Process– tabs saved
- Finalized and ready for Submission
- Completed–For submitted SOIs

SOI Vote Requirement

I acknowledge that I have reviewed the MSBA's vote requirements for submitting an SOI which are set forth in the Vote Tab of this SOI. I understand that the MSBA requires votes from specific parties/governing bodies, in a specific format using the language provided by the MSBA. Further, I understand that the MSBA requires certified and signed vote documentation to be submitted with the SOI. I acknowledge that my SOI will not be considered complete and, therefore, will not be reviewed by the MSBA unless the required accompanying vote documentation is submitted to the satisfaction of the MSBA.

Each district must prioritize **one** Statement of Interest from all of the Statements of Interest that the district has submitted or refreshed, including any SOIs that may be in the MSBA's capital pipeline. At no time shall a district have more than **one** prioritized SOI on file with the MSBA

Is this SOI the District Priority SOI? YES NO

Please provide the current student to teacher ratios at the school facility that is the subject of this SOI students per teacher

Please provide the originally planned student to teacher ratios at the school facility that is the subject of this SOI students per teacher

Does the District have a Master Educational Plan that includes facility goals for this building and all school buildings in District? YES

If "YES", please provide the following:

Please provide the author and date of the District's Master Educational Plan.(maximum of 500 characters)

Is there overcrowding at the school facility? NO

If "YES", please describe in detail, including specific examples of the overcrowding (maximum of 5000 characters).

Has the district had any recent teacher layoffs or reductions ? YES

If "YES", how many teaching positions were affected?

At which schools in the district?

Please describe the types of teacher positions that were eliminated(e.g., art, math, science, physical education).

Has the district had any recent staff layoffs or reductions ? YES

If "YES", how many staff positions were affected? 2

At which schools in the district? Central Office in FY17; None in FY18

Please describe the types of staff positions that were eliminated(e.g., guidance, administrative, maintenance).

Please provide a description of the program modifications as a consequence of these teacher and/or staff reductions, including the impact on district class sizes and curriculum. If no recent teacher layoffs and/or staff reductions have occurred, please enter "Does Not Apply" (maximum of 1000 characters).

Please provide a description of the local budget approval process for a potential capital project with the MSBA. Include schedule information (i.e. Town Meeting dates, city council/town council meetings dates, regional school committee meeting dates). Provide, if applicable, the District's most recent budget approval process that resulted in a budget reduction and the impact of the reduction to the school district (staff reductions, discontinued programs, consolidation of facilities (maximum of 2000 characters).

Priorities

The SOI Main page displays the district name and school name followed by a list of the statutory priorities set forth in M.G.L. c. 70B, § 8. Priorities to be included in the SOI must be indicated by selecting the checkboxes associated with each priority. Select all priorities that you believe apply to the school. Note that selecting "Priority 1" will require that the district produce a report from an independent source that is not under the control of the school district or the city/town stating that the facility is structurally unsound or jeopardizes the health and safety of the students. If "Priority 3" is selected, your SOI will not be considered complete unless and until you provide a summary of the accreditation report focused on the deficiency(ies) as stated in this SOI.

SOI Vote Requirement

You must acknowledge that you have reviewed the vote requirements that are displayed in the “Vote” tab in the system application.

Scope

Districts must identify whether the potential project scope for this SOI would be a **Core Project**: (see *description below*) or an **Accelerated Repair Project** (see *description below*) by selecting the appropriate project scope from the dropdown list.

The **Core Program** is primarily for projects beyond the scope of the Accelerated Repair Program, including extensive repairs, renovations, addition/renovations, and new school construction. The deadline for Core Program SOIs is **Friday, April 12, 2019**.

The **Accelerated Repair Program** is primarily for the repair and/or replacement of windows, roofs, and/or boilers in an otherwise structurally sound facility. The deadline for Accelerated Repair Program SOIs is **Friday, February 15, 2019**.

Identify the District's Priority SOI

Districts must identify/select one priority SOI among all SOIs submitted by the district. If the current SOI is that priority, indicate this by selecting the "YES" radio button. If not, select the "NO" radio button and then select the district's priority SOI School from the dropdown list. Once a district submits a school as their priority SOI, the school associated with the priority will appear in the dropdown list with an asterisk (*).

Remaining Questions in the SOI Main Tab

The district must answer the remaining questions in the tab as displayed in the image below. Additional detail may be required, if you answer "yes" to certain questions.

The "Priorities" tab provides **up to eight sub-tabs**, numbered 1 through 8. Each of the tabs is associated with the number assigned to one of the statutory priorities that were selected on the SOI Main tab. Detailed information related to each of the selected priorities will be entered via these tabs.

If a priority was selected on the SOI Main tab, the associated priority tab will be displayed and activated (as shown by the checkmark in the box associated with Priority 2 in the following image). If a desired tab is not displayed, return to the SOI Main tab and select the desired priority by checking the appropriate box.

Click on the number of each priority to edit its associated questions. Specific guidance is provided with each priority.

Guidance for Priority 2									
Any district that chooses to select Priorities 2, 4, or 6 will participate in enrollment discussions with the MSBA prior to being invited into the Capital Pipeline. Specifically, much of the enrollment projection collaboration now occurs when the district is invited into the MSBA's Eligibility Period.									
The MSBA has published in its regulations and guidelines space standards for new schools. These space standards may not necessarily be applicable to reconstruction, renovation, or repair projects and should not be used for assessing safety standards or educational adequacy of existing facilities that were constructed in accordance with the standards and guidelines that prevailed at the time of construction. <u>Districts should not check Priorities 2, 4, or 6 for overcrowding if the basis for their selection is solely a comparison of their current educational space versus the MSBA's space standards for new facilities.</u>									
* The determination of whether something qualifies as a Priority 2 rests solely with the MSBA, and the MSBA shall not be bound by the opinions or judgments of the district.									

In the example above, the district has selected priorities 1 and 2. If you only select one priority, only that number will be displayed in the sub-tabs.

Every priority sub-tab follows the same layout shown above. General guidance is provided. For each priority that has been selected on the SOI Main tab for submission, the associated sub-tab will be available for edit.

There are three main questions that need to be completed before saving the priority:

- Question 1 - a detailed description of the district's perceived problem and how it fits within the Priority;
- Question 2 - a detailed description of mitigation steps taken by the district to address the problem identified; and
- Question 3 - the impact of the perceived problem on the district's educational program should be addressed using specific examples of how the perceived problem limits the district's ability to deliver its educational program.

A limited set of formatting controls are provided for the user's convenience. Select the "+" located in the lower, right-hand corner of the answer to expand the size of the available window and, after expanding it, select the "-" to return it to its original size.

Priorities 1 through 6 include additional questions following the three main questions. For Priority 3, the questions are on the top of the page. Responses are required for all questions.

Please remember to SAVE your data! You must fill in every field to save.

Vote Tab

Before transmitting an SOI to the MSBA, certain local votes must be taken authorizing the Superintendent to submit the SOI.

The text of the required votes is displayed in the SOI System “Vote” tab and on the MSBA’s website at <http://www.MassSchoolBuildings.org/building/SOIs>

New SOI

REQUIRED VOTES

If the SOI is being submitted by a City or Town, a vote in the following form is required from both the City Council/Board of Aldermen **OR** the Board of Selectmen/equivalent governing body **AND** the School Committee.

If the SOI is being submitted by a regional school district, a vote in the following form is required from the Regional School Committee only.

*** Current votes for each SOI submission are required.**

FORM OF VOTE

Please use the text below to prepare your City’s, Town’s or District’s required vote(s).

Click [here](#) to access the Form of Vote in word format.

Resolved: Having convened in an open meeting on _____, prior to the SOI submission closing date, the __[City Council/Board of Aldermen, Board of Selectmen/Equivalent Governing Body / School Committee]__ of __[City/Town]__, in accordance with its charter, by-laws, and ordinances, has voted to authorize the Superintendent to submit to the Massachusetts School Building Authority the Statement of Interest Form dated _____ for the __[Name of School]_____ located at __[Address]_____ which describes and explains the following deficiencies and the priority category(s) for which an application may be submitted to the Massachusetts School Building Authority in the future _____ [Insert a description of the priority(s) checked off on the Statement of Interest Form and a brief description of the deficiency described therein for each priority]

_____ and hereby further specifically acknowledges that by submitting this Statement of Interest Form, the Massachusetts School Building Authority in no way guarantees the acceptance or the approval of an application, the awarding of a grant or any other funding commitment from the Massachusetts School Building Authority, or commits the City/Town/Regional School District to filing an application for funding with the Massachusetts School Building Authority.

DOCUMENTATION OF VOTE

Documentation of each vote must be submitted **in hard copy** to the MSBA as follows:

- 1) For the vote of the City Council/Board of Aldermen or Board of Selectmen/equivalent governing body, a copy of the text of the vote must be submitted **with a certification** of the City/Town Clerk that the vote was duly recorded and the date of the vote must be provided.
- 2) For the vote of the School Committee, Minutes of the School Committee meeting at which the vote was taken must be submitted **with the original signature** of the Committee Chairperson.

Signatures Tab

The "Signatures" tab has two sections, "Finalize your SOI Submission" and "Get Signatures from all the Signatories".

When you have completed your SOI and are ready to submit this information to the MSBA, you can "finalize" the SOI and send it electronically to obtain the three required signatures. **If you need to make changes to the SOI information after it has been "finalized" but before it has been submitted to the MSBA, you can click on the "Make Changes" button.** Clicking on this button will clear any signatures that have been provided and allow you to make the necessary changes. If you make changes to the SOI information after initially obtaining signatures, you will be required to re-send the SOI to all three signatories for their signatures again.

All required fields on the SOI Main, General Description and Priorities pages must be completed to finalize your submission. If a field is missing on any of these pages, then the Finalize your SOI Submission button will be disabled.

Sample shown below

The screenshot shows a navigation menu with the following items: New SOI, SOI Home, SOI Main, General Description, Priorities, Vote, Signatures, Closed School, and Submit. Below the menu, a red warning message states: "Required Fields on the General Description page of your SOI Submission are not complete. Once all of them are complete, you will be able to Finalize your SOI." Underneath, the "Finalize your SOI Submission" section contains instructions on how to finalize the submission and how to make changes. A blue callout bubble points to a disabled "Finalize your SOI Submission" button, stating: "Button will be disabled until all fields on the General Description page are filled out".

Certification

The district must provide the names and titles of its local authorized signatories below. The names provided below will appear as the signatories on the two required Statement of Interest Certification forms, all of which are required to be signed electronically by the authorized signatories, and then transmitted to the MSBA through the online Statement of Interest System as part of the Statement of Interest submittal. Please note, in addition to the electronic transmission of the Statement of Interest, the district will need to mail the required votes and other documentation to the MSBA. The MSBA will not consider a Statement of Interest submission complete until

- 1) the electronically signed Closed School Information has been submitted through the MSBA's online Statement of Interest System;
- 2) the electronically signed Statement of Interest has been submitted through the MSBA's online Statement of Interest System;
- 3) the required local votes authorizing the Superintendent to submit the Statement of Interest have been received by the MSBA in hard copy form; and
- 4) any required third-party reports noted in in the Statement of Interest or other documentation has been received by the MSBA.

The definition of Local Chief Executive Officer:

Local Chief Executive Officer: In a city or town with a manager form of government, the manager of the municipality; in other cities, the mayor; and in other towns, the board of selectmen unless, in a city or town, some other municipal office is designated to the chief executive office under the provisions of a local charter. Please note, in districts where the Superintendent is also the Local Chief Executive Officer, that person should sign for both roles on each of the two Statement of Interest Certifications and on the Closed School Certification. The MSBA System will not allow the district to leave any signature lines blank.

Once the names and emails have been entered, you can send an email to the Signatories by clicking on the “Send Email to Signatories” button. An email will be generated which contains a view of the SOI (or Closed School Certification) and allows the user to provide an electronic signature.

Once all three of the required signatories sign, you will be able to submit the SOI (or Closed School Certification) to the MSBA.

Closed School Tab

Closed School information needs to be filled out and submitted for each district that is submitting an SOI. Only one Closed School submission is required for the district even if multiple SOI’s are being submitted. This page displays a link to the Closed School tab located at the District level. The Closed School submission is required before an SOI can be submitted.

Please see the “Closed Schools” section further down in this manual for additional information related to a “Closed Schools” submission.

Submit Tab

When you have finished entering all your information on the previous tabs and you have obtained the required electronic signatures, you will be directed to the “Submit” tab, which will send the SOI electronically to the MSBA.

Before submitting your SOI to the MSBA, you must have answered the questions in the “Closed Schools” tab on the District level. See the “[Closed Schools](#)” section of this guide for assistance.

The “Checklist” (*shown below*) provides a final verification that all required conditions for submission of the SOI to the MSBA have been satisfied by the city, town, or regional school district. Each item must be checked before the SOI can be submitted. An optional field for any additional comments is also provided.

Once submitted, an SOI may not be modified.

Select “OK” to confirm that all information is correct and to complete the submittal procedure. Select “Cancel” to modify the SOI prior to submission.

It may take a few moments to process your SOI after you have pressed “OK.” A screen will appear saying that your SOI was successfully transmitted once all data has been received.

Checklist

Before submitting a Statement of Interest to the Massachusetts School Building Authority, PLEASE COMPLETE THIS CHECKLIST, CONFIRMING EACH OF THE FOLLOWING:

- This Statement of Interest (SOI) is for one existing school in the district.
- After submitting this Statement of Interest electronically, we hereby agree to sign and submit the required documentation as described under the "Vote" tab.
- The School Committee has voted, using the specific language found under the "Vote" tab above, to authorize the submission of this Statement of Interest for this specific school and for the priorities that have been identified.
- The City Council/Board of Aldermen or the Board of Selectmen/equivalent governing body has voted, using the specific language found under the "Vote" tab above, to authorize the submission of this Statement of Interest.

Click on the "Vote" tab above for specific guidelines regarding the Form of Vote as it applies to cities, towns and regional school districts.

- The City/Town Clerk has certified a copy of the vote of the City Council/Board of Aldermen or Board of Selectmen/equivalent governing body, and we hereby agree to submit a copy of the full text of the certified vote to the MSBA. This certified text of the vote must be received by MSBA on or before the deadline for submission of new SOIs.
- The minutes of the meeting at which the school committee voted to authorize the Superintendent to submit this Statement of Interest reflect the vote, with specific references to the school and the priorities for which the Statement of Interest is being submitted, and we hereby agree to promptly submit a copy of these approved school committee minutes, signed by the Chairperson of the School Committee, to the MSBA. This set of minutes must be received by MSBA on or before the deadline for submission of new SOIs.
- The City, Town or Regional School District hereby acknowledges that the Statement of Interest submission will not be considered complete until the MSBA receives all of the required vote documentation and certification signatures in a format acceptable to the MSBA. If Priority 1 is selected, your Statement of Interest will not be considered complete unless and until you provide the required engineering (or other) report, a professional opinion regarding the problem, and photographs of the problematic area or system.
- The City, Town or Regional School District hereby acknowledges and agrees that this Statement of Interest is NOT an application for funding and submission of this Statement of Interest in no way commits the MSBA to accept an application, approve an application, provide a grant or any other type of funding, or places any other obligation or requirement upon the MSBA.

NOTE. Please direct any question(s) that you might have about the Statement of Interest in general or about this checklist in particular to the MSBA at (SOI@MassSchoolBuildings.org or 617.720.4466).

All submissions should be mailed to:
Massachusetts School Building Authority
40 Broad Street, Suite 500
Boston, MA 02109

Submission Note

Other Required Information

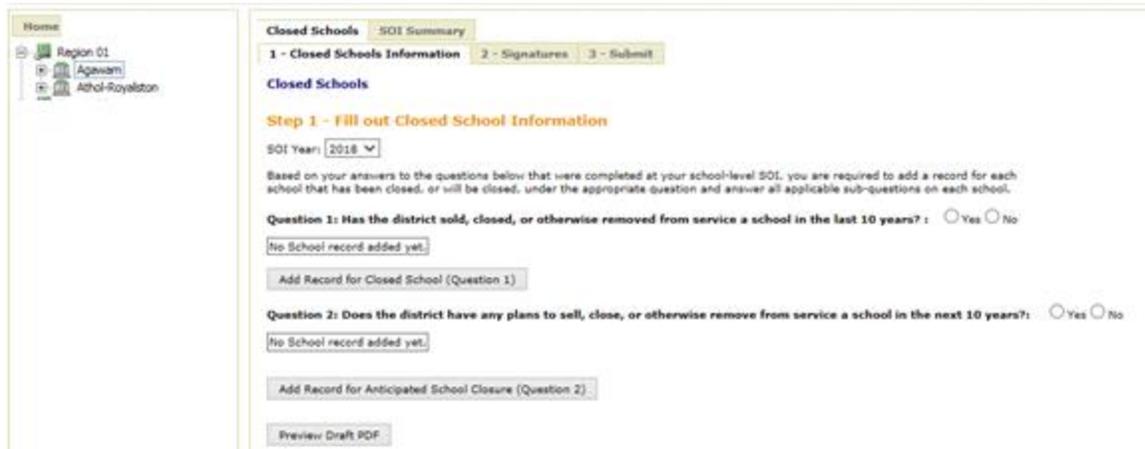

As a part of the SOI submittal process, the district will be required to supply additional information.

- **Every district** must enter the names and obtain three authorized SOI signatories before submitting their Closed Schools Information and their SOI.
- **Every district** must submit the Closed Schools Certification before submitting an SOI.
- If the district is filing an SOI that is based on Priority 1, the district will have to submit a report from an independent source that is not under the control of the school district or the city/town stating that the facility is structurally unsound or jeopardizes the health and safety of the students. (*See additional information in the Priority 1 tab.*)
- If the district is filing an SOI that is based on Priority 3, the MSBA requires the district to mail any supporting correspondence between the district and the accrediting entity.

Closed Schools

Only one Closed Schools Certification is required per district, regardless of how many SOIs are submitted.

To access the Closed Schools Tab, click on your district in the SOI System.

As you can see from the screenshot above, the Closed Schools tab is district level information.

Clicking on the Closed Schools tab will display two questions about school closings. For each of the two questions – whether the district has closed schools or intends to close schools – the MSBA has requested additional detail on each school affected. By clicking on the “Add Record” buttons, you will have the opportunity to provide an explanation that will help the MSBA understand the reasons for your district’s decision to close one or more schools.

The finished Closed Schools Information may contain details for multiple schools. For example, if your district has closed two schools and intends to close a third, you will have two entries under

the first question and one under the second question. Adding records for either question will bring you to similar pages on which you can provide details.

There are several follow-up questions, some of which are open-ended. They are all intended to provide information on the school's history and the district's reasoning for closing the school(s). Information requested on a school the district has closed or intends to close, includes the name and address of the school, the grades the school served when open, the reason for closing the school, details on relocation, and information regarding state funding.

Once you have completed and finalized all the required Closed Schools information and obtained the necessary online signatures, the “Submit” tab will be enabled. This page also has a place for the district to include a submission note and a button that enables the district to preview the Draft PDF that you will see upon submission.

To transmit your information to the MSBA, press the “Submit Closed Schools Information” button.

Upon submission of the District level Closed Schools Information, you will be able to submit any SOIs that are otherwise complete.

Pre-Populating Data

Pre-Populating Closed School and New Statement of Interest(s) with Previously Submitted Data

To assist districts with re-filing an SOI that was previously submitted in 2018, the MSBA has provided a pre-populate functionality through which districts can click on a button for a specific school facility and pre-populate the new SOI with the data that was provided in the prior year. The district can then edit the information and update the SOI prior to submitting it for consideration in 2019. **This option is only available if the District had a 2018 Submission.**

Pre-Populating data is available for both the Closed School Information as well as for the SOI. Once the option has been selected, it will no longer appear.

The Pre-Populating functionality for Closed School Information is available at the district level “Closed School” tab, “1- Closed School Information” tab for those districts that had a 2018 SOI Submission.

The screenshot shows the MSBA Statement of Interest system interface. At the top, there are two tabs: "Closed Schools" (selected) and "SOI Summary". Below the tabs, there are three numbered steps: "1 - Closed Schools Information" (selected), "2 - Signatures", and "3 - Submit". The main heading is "Closed Schools". Underneath, it says "Step 1 - Fill out Closed School Information". There is a dropdown menu for "SOI Year" set to "2018". Below this, there is a paragraph of text explaining the requirement to add a record for each closed school. A red arrow points to a button labeled "Pre-Populate Previous Year's Closed School Data". Below the button, there are two questions with radio button options for "Yes" and "No".

SOI Year:

Based on your answers to the questions below that were completed at your school-level SOI, you are required to add a record for each school that has been closed, or will be closed, under the appropriate question and answer all applicable sub-questions on each school.

To Pre-Populate your Closed School with previous year's data.

To assist districts with providing Closed School information, districts that submitted Closed School information to the MSBA last year can opt to recall the data that was previously submitted and pre-populate the new Closed School Certification with that data. You can then edit and update the information to reflect current conditions prior to submitting the current Closed School Certification.

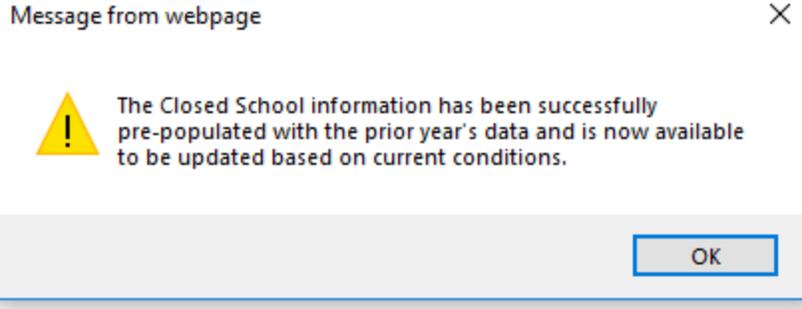

- The pre-population option is available for the data that was provided in a district's previous year Closed School submission.
- The district should update the information that is being pre-populated to reflect current conditions as necessary.
- The District **MUST** meet all the MSBA's requirements for submitting an SOI for any SOI submission to be considered complete.
- Click on the button below to pre-populate your current Closed School information with the data that was submitted to the MSBA last year. This option is only available if the district submitted Closed School information last year.

Pre-Populate Option for Closed School Info

Question 1: Has the district sold, closed, or otherwise removed from service a school in the last 10 years? : Yes No

Question 2: Does the district have any plans to sell, close, or otherwise remove from service a school in the next 10 years?: Yes No

Clicking “Pre-Populate previous year’s Closed School data” will populate the data. Once, clicked, you will see the success message as shown below. Click ‘OK’ on the message and your data is populated.

The pre-populate functionality for SOI is available at the “New SOI” tab --> “SOI Main” tab as shown below for those schools which have a 2018 SOI Submission.

To Pre-Populate your SOI with previous year's data.

In this section you can pre-populate your SOI information from a previous year submission. This will enable the District to work with this information to prepare the current year SOI Submission.

- *The District can update the information that is being pre-populated in its Current year SOI, as necessary.*
- *The pre-population option is available for the data that was provided in a District's previous year SOI submission.*
- *The District must submit new votes for the current year, as detailed in the SOI instructions.*
- *The District MUST meet all of the MSBA's requirements for submitting an SOI for any SOI submission to be considered complete.*
- *Click on the button below to pre-populate previous year's data. This button would only be available if you have a previous year (going back 1 year only) submission.*

Clicking on the button “Pre-Populate Previous Year's SOI data” will populate the data. Once, clicked, you will see the success message as shown below. Click ‘OK’ on the message and your data is populated.
