RE: Fiscal Year 2020 Aid to Municipalities for COVID-19 Costs

The Commonwealth of Massachusetts is preparing to distribute federal dollars from the Coronavirus Relief Fund (CvRF) to municipalities for specific COVID-19 response costs, consistent with parameters established by the federal Coronavirus Aid, Relief, and Economic Security Act (the “CARES” Act) and guidance from the US Treasury Department. This memo summarizes the Commonwealth’s approach to providing money through the CvRF to municipalities.

The distribution announced today, adjusted for funds paid directly by the federal government to Boston and Plymouth County, represents 25% of the state’s allocation from the Coronavirus Relief Fund. We anticipate that in most cases, these funds will be sufficient to address incurred or expected eligible COVID-related expenses, while maintaining necessary flexibility to allocate additional funds if unanticipated needs arise, or if federal rules change.

The key aspects of this approach include:

- **Immediate Support for Incurred or Expected Expenses:** Municipalities may apply for resources to address eligible COVID-19 response costs that are already incurred or expected in Fiscal Year 2020. These funds will help address any existing deficits in Fiscal Year 2020, thereby avoiding the need to use reserves to fund a deficit or carry one into Fiscal Year 2021.
- **Cashflow Relief:** These resources can help ease municipal cashflow pressures.
- **Federal Revenue Optimization:** By seeking FEMA reimbursements at the state and municipal level, the Commonwealth and municipalities can work together to maximize federal resources available for Massachusetts to address the public health crisis.
- **Compliance Risk Management:** Accounting for COVID-19 costs is complicated by a mix of revenue sources (federal, state) and the still-evolving federal guidance about how to spend and track the money. Clear processes and documentation can mitigate the risk of federal audit challenges to the uses of these funds. If you have questions about how to track and account for these funds, contact the auditing firm that completes your annual audit or your Division of Local Services (DLS) field rep.

Please refer to the guidance distributed by the Executive Office for Administration and Finance for detailed information on this approach (<https://www.mass.gov/info-details/covid-19-resources-and-guidance-for-municipal-officials>).

If the federal law or relevant guidelines materially change, we expect to revisit this distribution plan.

Re: Federal Coronavirus Relief Fund

The federal Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) includes funds for Massachusetts governments to use to pay costs incurred in responding to the COVID-19 outbreak. This memo describes how your city or town can access funds for that purpose.

Background

The CARES Act authorized \$150 B through the Coronavirus Relief Fund for state and local governments, including \$2.7 B for Massachusetts. Aside from large local government units (Boston and Plymouth County), funds have been sent in the first instance to the state, with the expectation that the state will use funds for its own expenses and those of municipalities.

The Executive Office for Administration and Finance (“A&F”) has established an expendable trust to hold the federal funds and is authorized to spend from that trust on the basis of the federal law.

Eligible Uses

Under federal law, eligible uses must meet three conditions. They must be:

1. “Necessary expenditures incurred due to the public health emergency with respect to ... COVID-19”
 - a. Funds may not be used to substitute for lost revenue
2. Not budgeted as of March 27, 2020 when the CARES Act was enacted
 - a. May not supplant state or municipal spending
3. Incurred on or after March 1, 2020, up to December 30, 2020

For further context on costs that A&F anticipates municipalities may incur, see the attached list of potential uses (Attachment A). If your municipality contemplates the use of funds outside these parameters, please contact the Division of Local Services (DLS) at LocalGovCaresAct@dor.state.ma.us and we will follow up to discuss your needs further.

Note that these eligible uses are as currently described in federal law and relevant guidance from the US Treasury. If these uses are modified by future federal actions, A&F will revisit the process and procedures described in this guidance.

Intersection with Other Funding Sources

Eligible uses of the federal Coronavirus Relief Fund may overlap with allowable uses of other federal grants and reimbursements. A&F will be working with the Command Center,^{*} state agencies, and municipalities to optimize the use of federal funds.

As a condition of accepting federal Coronavirus Relief Fund money, municipalities must maximize Federal Emergency Management Agency (“FEMA”) reimbursements. In other words, for costs that appear eligible under the federal Coronavirus Relief Fund as well as for FEMA reimbursement, municipalities must apply for FEMA reimbursement.[†] Federal dollars cannot under any circumstances be claimed twice for the same spending. DLS will issue further guidance on establishment of appropriate fund structures for both anticipated FEMA reimbursement and CARES Act funds.

To the extent that municipalities are unsure of their precise needs or need money for cash flow purposes, they are free to request funds from the federal Coronavirus Relief Fund, with the understanding that unspent amounts will need to be returned to the Commonwealth.

While this approach may be a little complicated due to possible multiple funding sources for similar expenses, providing municipalities with funding now eliminates or reduces FY20 deficits and helps with cash flow issues.

Available Funds

A&F has determined that initially 25% of total federal Coronavirus Relief Fund dollars to the Commonwealth will be directly available for municipalities. After subtracting amounts for Boston and Plymouth County municipalities, funds have been allocated in proportion to population. The attached chart indicates total eligible amounts for each municipality to be distributed in this FY20 round and a subsequent FY21 round later in the calendar year.

At this time, cities and towns are asked to estimate their FY20 COVID-19 expenses. Municipalities who request less than the amount for which they are eligible do not forego the opportunity to ask for additional funds at a later date. Municipalities will be asked to estimate their COVID-19 expenses in FY21 still within the same ceiling. In other words, the ceiling is the preliminary total amount available for FY20 and FY21, but at this point all you are being asked to do is estimate your FY20 COVID-19 expenses.

^{*} The Command Center, headed by Health and Human Services Secretary Marylou Sudders, is the coordinating entity for the administration’s response to the COVID-19 outbreak.

[†] For further information on the FEMA reimbursement process, please see MEMA’s resource page: <https://www.mass.gov/info-details/covid-19-federal-disaster-declaration>.

Note that to the extent actual expenditures are less than the amount requested, at this time A&F expects that municipalities will be required to return the balance of unspent funds to the Commonwealth.

This approach is intended to get money out to municipalities quickly, and to allow adjustments over the coming months. A&F and DLS will continue to monitor the situation and may make additional funds available at a later date. Please contact DLS at LocalGovCaresAct@dor.state.ma.us if your FY20 expenditures are likely to exceed the eligible amounts in the first round. Municipalities located in Plymouth County should contact county officials for information about the Coronavirus Relief Fund.

Dispersal of Funds

Municipalities, through their chief executive officer, should complete the [web-based application form](#). The application asks for estimates of FY20 incurred or anticipated expenses for each category listed in Attachment A. Based on these estimated amounts, the application will calculate an Estimated Request amount based on an assumed FEMA reimbursement rate for each category. Municipalities may request an amount above or below the Estimated Request using the Other Request field.

Further, municipalities must return the certification (see Attachment B) through the web-based application form and agree to document costs and to return unspent funds, if any. The application deadline is Friday, June 5, 2020, but submissions will be reviewed and approved on a rolling basis.

DLS will provide guidance regarding local accounting requirements (e.g., treatment of funds, general ledger entries, etc.) via a Bulletin.

Audit Provisions and Documentation

Federal Coronavirus Relief Fund expenditures are subject to audit by an Inspector General within the U.S. Department of the Treasury. Documenting that costs were eligible uses are essential to managing compliance risk and to minimizing the possibility that the costs are deemed ineligible, thereby requiring that the municipality and the state may need to return funds to the federal government.

A&F will establish a bimonthly reporting process to monitor incurred spending relative to estimates, and to ensure that documentation is adequate to minimize compliance risk.

For now, we ask that you document costs clearly with respect to the date and nature of the expense incurred so that together we can best manage resources in the interests of the residents of Massachusetts. In general, we will be asking that you document expenses with the same specificity as for FEMA reimbursements. A&F will follow up with further guidance as necessary.

Thank you for your cooperation as we work together to protect the interests of all our residents.

Attachment A- Potential Municipal Uses

Note that the state and municipalities should coordinate on appropriate funding source where more than one source is potentially available for the purpose. For purposes of calculating the Estimated Request, costs in categories denoted with an asterisk () are assumed to be ineligible for FEMA reimbursement but FEMA has final approval for eligibility determination. Cost in all other categories are assumed to be reimbursed by FEMA at a rate of 75 percent.*

Subject: MSBA - CARES Act
Attachments: UMAS - Chapter 12[12568] (1).pdf; LetterSecHeffernantoMunicipalChiefExecutives[12567] (1).pdf

Good Afternoon:

The MSBA has received the attached memorandums authored by the Secretary of Administration and Finance regarding the federal Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") The CARES Act includes funds for Massachusetts governments to use to pay costs incurred in responding to the COVID19 outbreak and the attached memorandums describe how your city or town can access funds for that purpose.

The MSBA encourages districts to review the attached memorandums with local officials and to submit for any applicable costs that the district may have or will incur on its current school project with the MSBA in accordance with the attached guidelines. As stated previously, the MBSA Board of Directors sets the grant amount and reimbursement rate at the time of project approval and we cannot later increase that amount in order to remain in line with our annual funding cap limitation.

Please note that per the attached documents, applications are **due by June 5, 2020**. The attached guidelines also refer to a link for additional information. <https://www.mass.gov/info-details/covid-19-resources-and-guidance-for-municipal-officials>.

The MSBA appreciates our continued partnership with districts across the Commonwealth. We stand ready to assist districts as we navigate this unprecedented time together.

RE: Fiscal Year 2020 Aid to Municipalities for COVID-19 Costs

The Commonwealth of Massachusetts is preparing to distribute federal dollars from the Coronavirus Relief Fund (CvRF) to municipalities for specific COVID-19 response costs, consistent with parameters established by the federal Coronavirus Aid, Relief, and Economic Security Act (the "CARES" Act) and guidance from the US Treasury Department. This memo summarizes the Commonwealth's approach to providing money through the CvRF to municipalities.

The distribution announced today, adjusted for funds paid directly by the federal government to Boston and Plymouth County, represents 25% of the state's allocation from the Coronavirus Relief Fund. We anticipate that in most cases, these funds will be sufficient to address incurred or expected eligible COVID-related expenses, while maintaining necessary flexibility to allocate additional funds if unanticipated needs arise, or if federal rules change.

The key aspects of this approach include:

- **Immediate Support for Incurred or Expected Expenses:** Municipalities may apply for resources to address eligible COVID-19 response costs that are already incurred or expected in Fiscal Year 2020. These funds will help address any existing deficits in Fiscal Year 2020, thereby avoiding the need to use reserves to fund a deficit or carry one into Fiscal Year 2021.
- **Cashflow Relief:** These resources can help ease municipal cashflow pressures.
- **Federal Revenue Optimization:** By seeking FEMA reimbursements at the state and municipal level, the Commonwealth and municipalities can work together to maximize federal resources available for Massachusetts to address the public health crisis.
- **Compliance Risk Management:** Accounting for COVID-19 costs is complicated by a mix of revenue sources (federal, state) and the still-evolving federal guidance about how to spend and track the money. Clear processes and documentation can mitigate the risk of federal audit challenges to the uses of these funds. If you have questions about how to track and account for these funds, contact the auditing firm that completes your annual audit or your Division of Local Services (DLS) field rep.

Please refer to the guidance distributed by the Executive Office for Administration and Finance for detailed information on this approach (<https://www.mass.gov/info-details/covid-19-resources-and-guidance-for-municipal-officials>).

If the federal law or relevant guidelines materially change, we expect to revisit this distribution plan.

Re: Federal Coronavirus Relief Fund

The federal Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) includes funds for Massachusetts governments to use to pay costs incurred in responding to the COVID-19 outbreak. This memo describes how your city or town can access funds for that purpose.

Background

The CARES Act authorized \$150 B through the Coronavirus Relief Fund for state and local governments, including \$2.7 B for Massachusetts. Aside from large local government units (Boston and Plymouth County), funds have been sent in the first instance to the state, with the expectation that the state will use funds for its own expenses and those of municipalities.

The Executive Office for Administration and Finance (“A&F”) has established an expendable trust to hold the federal funds and is authorized to spend from that trust on the basis of the federal law.

Eligible Uses

Under federal law, eligible uses must meet three conditions. They must be:

1. “Necessary expenditures incurred due to the public health emergency with respect to ... COVID-19”
 - a. Funds may not be used to substitute for lost revenue
2. Not budgeted as of March 27, 2020 when the CARES Act was enacted
 - a. May not supplant state or municipal spending
3. Incurred on or after March 1, 2020, up to December 30, 2020

For further context on costs that A&F anticipates municipalities may incur, see the attached list of potential uses (Attachment A). If your municipality contemplates the use of funds outside these parameters, please contact the Division of Local Services (DLS) at LocalGovCaresAct@dor.state.ma.us and we will follow up to discuss your needs further.

Note that these eligible uses are as currently described in federal law and relevant guidance from the US Treasury. If these uses are modified by future federal actions, A&F will revisit the process and procedures described in this guidance.

Intersection with Other Funding Sources

Eligible uses of the federal Coronavirus Relief Fund may overlap with allowable uses of other federal grants and reimbursements. A&F will be working with the Command Center,^{*} state agencies, and municipalities to optimize the use of federal funds.

As a condition of accepting federal Coronavirus Relief Fund money, municipalities must maximize Federal Emergency Management Agency (“FEMA”) reimbursements. In other words, for costs that appear eligible under the federal Coronavirus Relief Fund as well as for FEMA reimbursement, municipalities must apply for FEMA reimbursement.[†] Federal dollars cannot under any circumstances be claimed twice for the same spending. DLS will issue further guidance on establishment of appropriate fund structures for both anticipated FEMA reimbursement and CARES Act funds.

To the extent that municipalities are unsure of their precise needs or need money for cash flow purposes, they are free to request funds from the federal Coronavirus Relief Fund, with the understanding that unspent amounts will need to be returned to the Commonwealth.

While this approach may be a little complicated due to possible multiple funding sources for similar expenses, providing municipalities with funding now eliminates or reduces FY20 deficits and helps with cash flow issues.

Available Funds

A&F has determined that initially 25% of total federal Coronavirus Relief Fund dollars to the Commonwealth will be directly available for municipalities. After subtracting amounts for Boston and Plymouth County municipalities, funds have been allocated in proportion to population. The attached chart indicates total eligible amounts for each municipality to be distributed in this FY20 round and a subsequent FY21 round later in the calendar year.

At this time, cities and towns are asked to estimate their FY20 COVID-19 expenses. Municipalities who request less than the amount for which they are eligible do not forego the opportunity to ask for additional funds at a later date. Municipalities will be asked to estimate their COVID-19 expenses in FY21 still within the same ceiling. In other words, the ceiling is the preliminary total amount available for FY20 and FY21, but at this point all you are being asked to do is estimate your FY20 COVID-19 expenses.

^{*} The Command Center, headed by Health and Human Services Secretary Marylou Sudders, is the coordinating entity for the administration’s response to the COVID-19 outbreak.

[†] For further information on the FEMA reimbursement process, please see MEMA’s resource page: <https://www.mass.gov/info-details/covid-19-federal-disaster-declaration>.

Note that to the extent actual expenditures are less than the amount requested, at this time A&F expects that municipalities will be required to return the balance of unspent funds to the Commonwealth.

This approach is intended to get money out to municipalities quickly, and to allow adjustments over the coming months. A&F and DLS will continue to monitor the situation and may make additional funds available at a later date. Please contact DLS at LocalGovCaresAct@dor.state.ma.us if your FY20 expenditures are likely to exceed the eligible amounts in the first round. Municipalities located in Plymouth County should contact county officials for information about the Coronavirus Relief Fund.

Dispersal of Funds

Municipalities, through their chief executive officer, should complete the [web-based application form](#). The application asks for estimates of FY20 incurred or anticipated expenses for each category listed in Attachment A. Based on these estimated amounts, the application will calculate an Estimated Request amount based on an assumed FEMA reimbursement rate for each category. Municipalities may request an amount above or below the Estimated Request using the Other Request field.

Further, municipalities must return the certification (see Attachment B) through the web-based application form and agree to document costs and to return unspent funds, if any. The application deadline is Friday, June 5, 2020, but submissions will be reviewed and approved on a rolling basis.

DLS will provide guidance regarding local accounting requirements (e.g., treatment of funds, general ledger entries, etc.) via a Bulletin.

Audit Provisions and Documentation

Federal Coronavirus Relief Fund expenditures are subject to audit by an Inspector General within the U.S. Department of the Treasury. Documenting that costs were eligible uses are essential to managing compliance risk and to minimizing the possibility that the costs are deemed ineligible, thereby requiring that the municipality and the state may need to return funds to the federal government.

A&F will establish a bimonthly reporting process to monitor incurred spending relative to estimates, and to ensure that documentation is adequate to minimize compliance risk.

For now, we ask that you document costs clearly with respect to the date and nature of the expense incurred so that together we can best manage resources in the interests of the residents of Massachusetts. In general, we will be asking that you document expenses with the same specificity as for FEMA reimbursements. A&F will follow up with further guidance as necessary.

Thank you for your cooperation as we work together to protect the interests of all our residents.

Attachment A- Potential Municipal Uses

Note that the state and municipalities should coordinate on appropriate funding source where more than one source is potentially available for the purpose. For purposes of calculating the Estimated Request, costs in categories denoted with an asterisk () are assumed to be ineligible for FEMA reimbursement but FEMA has final approval for eligibility determination. Cost in all other categories are assumed to be reimbursed by FEMA at a rate of 75 percent.*
